

MCCC to Albright

Transfer Guide & Course Equivalencies

Thank you for considering Albright College for your transfer needs. We have designed this *Course by Course Transfer Guide* for your convenience. Each of MCCC's transferable courses is listed with the Albright course that is its equivalent, along with any graduation requirement it fulfills. This information will assist you in course selection and will lead to a smoother transition from Montgomery County Community College to Albright.

Albright College operates on a course unit system, rather than semester hours. All Albright courses are considered equal to all others. Three, four and five credit hour courses at MCCC are considered equivalent to one Albright course unit. One and two credit hour courses do not transfer.
